

# OAA Calendar of AOM Events for Oregon/Washington

(Updated 12/23/07)

## Treasures of Oregon (TOO) talks:

- Treasures of Oregon talks (TOOs) are all about local Oregon LAc's sharing their clinical knowledge and skills.
- Earn CE units, which will likely apply to PDA hours (NCCAOM,) providing the talk is related to the practice of AOM.
- Meet with your colleagues.
- RSVP to the OAA if you plan to attend: 503-236-4383, please be sure to give us a home or cell number if we don't have it, in case we need there are last minute schedule changes.

**TOOs are free for OAA members, \$15 for non-members.**

We always welcome more TOO presentations. Contact us if you would like to give one: [oaap@pobox.com](mailto:oaap@pobox.com).

We also need volunteers to help organize our TOOs. It's easy. You call the prospective speakers, and find a good date.

We'll help you find a location and will reserve the place.

**TOOs are not just for Portland.** Contact us if you want to have a TOO in your city and we'll help you put it on.

## Thinking of sponsoring an event? Contact the OAA

- We are happy to act as a "clearing house" for scheduling AOM events so we avoid a pile-up of events.
- OAA members- we'll list your event for free. See our website for non-member rates for listings.
- See the end of the calendar for contact information for the colleges and the Portland Classical Chinese Gardens (PCCG).
